RE: Written report on Flood Gates in Venice Canal

Would you please ask Randy to inspect the flood gates and provide us with a written report of his findings and any other information we should be made aware of? We want to make sure that these gates are functioning properly and a process is in place that would protect our City in the event of rising waters from Lake Erie.

Thank you and we look forward to receiving the requested report.

Sincerely,

Susan S. Lopes, Chair
Chris Heid, Vice
Linda Emptage, Secretary
